GRADUATE COLLEGE

MAR 12 2019

Received

COLLEGE OF ENGINEERING & COMPUTER SCIENCE
Department of Civil, Environmental and Geomatics Engineering
777 Glades Road, Bldg. #96, 403E
Boca Raton, FL 33431
tel: 561.297.3444

Memorandum

DATE: March 22, 2019
TO: UGPC, Graduate College
FROM: Dr. Ramesh Teegavarapu, Professor and Graduate Program Director, Civil Environmental and Geomatics Engineering (CEGE)
SUBJECT: Requesting for changes in pre-requisites for multiple courses.

Handwritten signature of Dr. Ramesh Teegavarapu

CEGE department is request the following changes in the catalog.

Advanced Foundation Engineering (CEG 6105) 3 credits

Existing: Prerequisites: CEG 4012.
Requested Change: Prerequisites: None

Pavement Analysis and Design (CEG 6129) 3 credits

Existing Prerequisites: CEG 3011C, CGN 3501C
Requested Change: Prerequisites: None

Finite Element Methods in Civil Engineering (CES 6119) 3 credits

Existing: Prerequisites: CEG 4012
Requested Change: Prerequisites: None

Airport Planning and Design (TTE 6526) 3 credits

Existing Prerequisites: Permission of instructor
Requested Change: Prerequisites: None

Soli-Stabilization and Geosynthetics (CEG 6124) 3 credits

Existing Prerequisites: CEG 3011C, CGN 3501C
Requested Change: Prerequisites: None

Water Supply Treatment (ENV 6418) 3 credits

Prerequisite: ENV 3001C
Requested Change: Prerequisites: None

WasteWater Engineering (ENV6507) 3 credits

Prerequisites: ENV 3001C
Requested Change: Prerequisites: None

Highway Engineering (TTE6815) 3 credits

Prerequisites: CEG 3011C, CWR 4202 and EGN 3331 or equivalent
Requested Change: Prerequisites: None

GRADUATE COLLEGE

MAR 25 2019

Received

**Department of Civil Environmental and Geomatics Engineering
Florida Atlantic University
Course Syllabus**

1. Course title/number, number of credit hours	
Soil Stabilization and Geosynthetics – CEG 6124	3 credit hours
2. Course prerequisites, corequisites, and where the course fits in the program of study	
Prerequisites: None	
3. Course logistics	
<i>Term:</i> Spring 2017 This is a lecture course. <i>Class location and time:</i> M: 7:10-10 PM; FL 401	
4. Instructor contact information	
<i>Instructor's name</i> <i>Office address</i> <i>Office Hours</i> <i>Contact telephone number</i> <i>Email address</i>	Dr. K. Sobhan, Professor Engineering West (EG - 36) Bldg., Room 221; EDU 481 (Spring 2018) T - R 11:00 - 12:00 PM 561 - 297 - 3473 ksobhan@fau.edu
5. TA contact information	
<i>TA's name</i> <i>Office address</i> <i>Office Hours</i> <i>Contact telephone number</i> <i>Email address</i>	N/A
6. Course description	
Soil chemistry, mineralogy and properties; techniques of soil reinforcement, soil improvement, and soil treatment; chemical stabilization; mechanical stabilization; designing with geosynthetics; foundations and pavement applications.	
7. Course objectives/student learning outcomes/program outcomes	
<i>Course objectives</i>	
<i>Student Learning Outcomes</i>	N/A
8. Course evaluation method	
Mid Term Exam: 30% Research Project: 30% Final Exam: 40%	<hr/> <i>Note:</i> The minimum grade required to pass the course is C.
9. Course grading scale	
There is no fixed criterion for the grading scale. The overall performance as related to course objectives and outcomes is evaluated and considered during grading. Results from course evaluations of the students will be normalized and letter grades are given. The instructor will explain the complete grading scheme and scale in the first class of the course.	

**Department of Civil Environmental and Geomatics Engineering
Florida Atlantic University
Course Syllabus**

10. Policy on makeup tests, late work, and incompletes
<p><i>Makeup tests</i> are given only if there is solid evidence of a medical or otherwise serious emergency that prevented the student of participating in the exam. Makeup exam should be administered and proctored by department personnel unless there are other pre-approved arrangements.</p> <p><i>Late work</i> is not acceptable.</p> <p><i>Incomplete grades</i> are against the policy of the department. Unless there is solid evidence of medical or otherwise serious emergency situation incomplete grades will not be given.</p>
11. Special course requirements
None
12. Classroom etiquette policy
University policy requires that in order to enhance and maintain a productive atmosphere for education, personal communication devices, such as cellular phones and laptops, are to be disabled in class sessions.
13. Attendance policy statement
Students are expected to attend all of their scheduled University classes and to satisfy all academic objectives as outlined by the instructor. The effect of absences upon grades is determined by the instructor, and the University reserves the right to deal at any time with individual cases of non-attendance. Students are responsible for arranging to make up work missed because of legitimate class absence, such as illness, family emergencies, military obligation, court-imposed legal obligations or participation in University-approved activities. Examples of University-approved reasons for absences include participating on an athletic or scholastic team, musical and theatrical performances and debate activities. It is the student's responsibility to give the instructor notice prior to any anticipated absences and within a reasonable amount of time after an unanticipated absence, ordinarily by the next scheduled class meeting. Instructors must allow each student who is absent for a University-approved reason the opportunity to make up work missed without any reduction in the student's final course grade as a direct result of such absence.
14. Disability Policy Statement
In compliance with the Americans with Disabilities Act Amendments Act (ADAAA), students who require reasonable accommodations due to a disability to properly execute coursework must register with Student Accessibility Services (SAS) and follow all SAS procedures. SAS has offices across three of FAU's campuses – Boca Raton, Davie and Jupiter – however disability services are available for students on all campuses. For more information, please visit the SAS website at www.fau.edu/sas/ .
15. Counseling and Psychological Services (CAPS) Center
Life as a university student can be challenging physically, mentally and emotionally. Students who find stress negatively affecting their ability to achieve academic or personal goals may wish to consider utilizing FAU's Counseling and Psychological Services (CAPS) Center. CAPS provides FAU students a range of services – individual counseling, support meetings, and psychiatric services, to name a few – offered to help improve and maintain emotional well-being. For more information, go to http://www.fau.edu/counseling/
16. Code of Academic Integrity Policy Statement
Students at Florida Atlantic University are expected to maintain the highest ethical standards. Academic dishonesty is considered a serious breach of these ethical standards, because it interferes with the university mission to provide a high-quality education in which no student enjoys an unfair advantage

**Department of Civil Environmental and Geomatics Engineering
Florida Atlantic University
Course Syllabus**

over any other. Academic dishonesty is also destructive of the university community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. Harsh penalties are associated with academic dishonesty. For more information, see University Regulation 4.001. If your college has particular policies relating to cheating and plagiarism, state so here or provide a link to the full policy—but be sure the college policy does not conflict with the University Regulation.

17. Required texts/reading

Principles and Practice of Ground Improvement by Jie Han, ISBN: 978-1-118-25991-7, WILEY, 2015

18. Supplementary/recommended readings

Principles of Foundation Engineering, Eighth Edition, B. M. Das, Cengage Learning, 2014
Designing with Geosynthetics, by Robert M Koerner, Fifth Edn., Pearson, 2005
Ground Improvement, Ground Reinforcement, Ground Treatment, ASCE Geotechnical Special Publication 69, Edited by Vernon R. Schaefer, 1997
Reinforcement of Earth Slopes and Embankments, NCHRP 290, 1987
Soil Improvement – A 10 Year Update, ASCE Geotechnical Special Publication No. 12, 1987
Engineering Principles of Ground Modification, by M. R. Hausmann, McGraw Hill, 1990

19. Course topical outline, including dates for exams/quizzes, papers, completion of reading

Week 1	Introduction
Week 2	Ground Modification: Significance, Principles and Definitions
Week 3	Fundamental Concepts in Soil Mechanics
Week 4	Ground Modification: Methods and Mechanics
Week 5	Chemical Stabilization
Week 6	Mechanical Stabilization
	Soil Reinforcement: Mechanically Stabilized Earth (MSE)
Week 7	Walls,
Week 8	Mid-term
Week 9	Fiber reinforced soil Ground Anchors
Week 10	Designing with geosynthetics
Week 11	Selected case histories
Week 12	Selected Case histories, project presentations
