It is open to preservice students as well as managers and leaders in human services, fine and performing arts, and cultural, educational, community development, religious, environmental and other nonprofit organizations. The curriculum recognizes the special concerns of nonprofit

organizations in such areas as: management of volunteers and professionals; resource development and fundraising; governance by volunteer boards of trustees and directors; management of multiple sources and types of funding; unique legal and regulatory issues; special values of service, community and charity; and the unique demands of nonprofit leadership.

Transfer Credit

Acceptance of transfer credits from approved institutions depends on the relevance of the work to the M.N.M. program.
