<p>Please explain the requested change(s) and offer rationale below or on an attachment.</p> <p>The Department of Special Education aims to revise the Master's in Exceptional Student Education degree program. We have made changes to our admission criteria, and are now in the process of revising the degree delivery format and coursework to reflect updated standards and delivery mode.</p> <p>The existing degree is offered in a hybrid format, with some courses offered face-to-face, and others offered online. Additionally, the professional standards with which much of our program is aligned has been updated, necessitating curricula and delivery format changes. All courses will be revised through COCE for high quality online delivery format.</p> <p>The current degree program consists of COE Core, Special Education Department (SPED) Core, and students choose from one or more Area of Concentration. The proposed curricula change will reflect the following:</p> <ul style="list-style-type: none"> (a) No change to COE Core; (b) Change SPED Core to consist of 5-6 courses (3 revised courses, 2 new courses, and 1 optional course); (c) Reduce number of Concentration Area options. <p>See further details in the Proposed Catalogue Change attached.</p>

Hi Charles,

In my head, I had replied to this but in the real world, it doesn't look as though I did. There is no conflict for CE and thank you for reaching out. Take care,
Carman

Hi Carman,

Rama is unable to use email, so he asked me to follow up with about the proposed changes in Special Education. Don't mean to be a bother, but the paperwork is due Tuesday September 13. Do you see any conflict with these courses? Hopefully not. Please send Rama a message.
