

Graduate Fairs

The Fall 2014 Professional/Graduate School Information Day will showcase various graduate and professional programs from around the country and here at FAU. It allows students to speak directly to admissions representatives and inquire about application procedures and how to maximize their chances of being admitted. Below you will find a list of attending institutions for the Boca Raton, Davie and Jupiter events. Students should plan to attend the Applying to Graduate School Workshop which is presented on all three campuses.

Boca Raton Campus

October 22, 2014
