Summer 2018

**Please explain the requested change(s) and offer rationale below or on an attachment**

We want to change the fall application deadline from June 1st to July 1st. We piloted this change in 2017, and the majority of the students accepted did not have their applications in by June 1st. All students were processed and registered before classes started in August.

Rationale: Our online concentrations, such as the Nursing Administration and Financial Leadership concentration, are facing a lot of competition from other public and private online programs. The extended deadline will give us the opportunity to maximize recruitment. The majority of our MSN students are working full-time as nurses, so the extended deadline will allow them more time to complete the application process.
