NURSING

POST GRADUATE CERTIFICATES (PGC)

Adult/Gerontological Nurse Practitioner

Advanced Holistic Nursing

Clinical Nurse Leader

Family Nurse Practitioner

Nurse Educator

Nursing Administration and Financial Leadership

Psychiatric Mental Health Nurse Practitioner

Applicants holding an earned Master of Science degree in Nursing from an accredited nursing program and who meet all M.S.N. admission requirements may choose from the following

Post Graduate Certificate (PGC) Programs: Adult/Gerontological Nurse Practitioner (AGNP), Advanced Holistic Nursing (AHN), Clinical Nurse Leader (CNL), Family Nurse Practitioner (FNP), Nurse Educator (NGRE), Nursing Administration and Financial Leadership, and Psychiatric Mental Health Nurse Practitioner (PMHNP).

PGC programs require a minimum of 10 credits for FAU MSN graduates; a minimum of 13 credits is required for applicants from other institutions. Consideration is given to the student's former master's in Nursing program when creating the specific plan of study for the PGC. Programs may vary according to the courses the applicant has taken in the first master's program. This is not a degree-granting option. A Post Graduate Certificate is awarded upon program completion.

Advanced Nursing Practice Grounded in Caring, NGR 6110, is required of all Post Graduate Certificate students regardless of the concentration.

Any applicant for a Post Graduate Certificate must meet with the assistant dean for graduate practice programs or the concentration coordinator for initial advisement, gap analysis and program planning. Post Graduate Certificate students are admitted on a space available basis. Applicants whose gap analysis indicates 30 or more credits are needed will be advised to complete a second master's degree.

Admission Requirements for Post Graduate Certificate Programs

1. Earned M.S. or M.S.N. from an accredited nursing program.
2. Minimum graduate program GPA of 3.0 on a 4.0 scale.
3. Résumé or CV.
4. A written essay describing the student's philosophy of nursing.
5. One letter of recommendation.
6. Current RN licensure to practice nursing.
7. Complete Level 2 background check.
8. An interview and on-site writing sample may be required.
9. Practice experience is not required but may be considered as part of the overall quality of the application.

Note: Admissions decisions are made based upon the quality of the application and the number of available slots in the desired program. Meeting the minimal admission requirements does not guarantee admission. PGC applicants submit a preliminary application along with a copy of all official academic transcripts, a current RN license, one letter of recommendation, a statement of philosophy, and a current CV or résumé to the College of Nursing. Once the College of Nursing reviews the preliminary application, applicants will be notified to complete the online non-degree FAU application.

Delete the Following Courses

Clinical Nurse Leadership Role: Advanced Nursing Situations (NGR 6770) 3 credits

Prerequisites: NGR 6110, NGR 6811, NGR 6812, or permission of instructor

Introduction to the role of the clinical nurse leader within nursing and the healthcare delivery system. Specific emphasis is given to clinical nursing leader responsibilities in the development and management of caring-based nursing environments.
