

Exploring Florida Aquaculture Public Workshops

Hosted by FAU Harbor Branch
Oceanographic Institute

Second Saturday of each month

February-May 2024 | 9 am-12 pm

FAU Harbor Branch Oceanographic Institute, Johnson Education Center

Are you interested in learning where your seafood comes from? Do you know how to choose healthy and sustainable options? Find out by joining FAU Harbor Branch researchers and industry partners as they share their expertise! From your favorite seafood dishes, to restoring coastal ecosystems, you'll learn how Florida aquaculture plays a key role in a sustainable future.

Workshop topics to be covered include:

- February 10: Florida seafood
- March 9: Finfish
- April 13: Shrimp, clams, and oysters
- May 11: Restoration and aquariums

Seafood lovers, educators, students, chefs, and more are welcome to attend these free workshops. Registration is required, scan the QR code to sign up!

For additional information contact the Ocean Discovery Visitors Center at 772-242-2293.

These workshops were funded by the Aquaculture Specialty License Plate Program, administered by the Harbor Branch Oceanographic Institute Foundation. Florida residents can support aquaculture research and education by purchasing a specialty license plate at their local tax collector's office.
