# BEFORE YOU MOVE-IN

## PREPARING FOR MOVE-IN DAY

Pack only the essentials. You can always bring extra belongings later in the semester. Moderate-size boxes or storage bins with hand holds are easy to pack in a car and convenient to carry up flights of stairs if needed as elevators may be difficult to come by. Carts will also be available but on a first-come, first-serve basis so it is suggested to bring your own cart or dolly. Please note, there is no space for storage of boxes, suitcases, or trunks. If you plan to have any of your items mailed or sent via parcel post, please make arrangements for an arrival date after your initial move-in day.

## HOUSING PAYMENTS

Housing fees must be paid by the University payment deadline for each semester. Payments may be made online at [myfau.fau.edu](https://myfau.fau.edu). If you are not deferred by Financial Aid, you must pay your student account in full or be enrolled in a payment plan by fee payment deadlines. Please visit: [fau.edu/controller/student-services/payment-plans/](https://fau.edu/controller/student-services/payment-plans/) for summer payment deadlines.

## INSURANCE

FAU does not provide insurance for you or your property. You are encouraged to check your family homeowners' policies or to carry your own insurance.

## CONTACTING YOUR ROOMMATE(S) VIA EMAIL

We encourage you to contact your new roommate and suite-mates. Contact information is available through the housing portal at [housingportal.fau.edu](https://housingportal.fau.edu). Click on the Summer 2026 application to view occupant information. Two main things you want to do in this initial conversation are to introduce yourself and to provide some information about your likes and dislikes. This is also a great time to discuss and coordinate what items you will be bringing to campus. Some topics to get you started: Favorite music, food, movies or TV shows, your planned major or classes that you'll be taking at FAU, what each of you will bring; TV, printer, fridge, microwave, etc. and ways to stay in touch over the summer.

## PARKING

All residents must register their vehicle and license plate to park in green parking lots. To obtain your virtual permit:

1. Go to [parking.fau.edu](https://parking.fau.edu) and click the Single Sign On button.
2. Log in with your FAUNet ID.
3. Click on "Buy Permit".
4. Fill out all information correctly.
5. Your license plate is your permit, so please ensure the license plate is entered correctly.

Visit [parking.fau.edu](https://parking.fau.edu) for more information.

## HOW TO PREPARE FOR MOVE-IN

- Log onto your [housing portal](#) and reserve your move-in appointment.
- Select your appointment and receive your email confirmation.
- Verify your housing assignment on the [housing portal](#) before you arrive on campus.
- Review our packing list and make sure to have ID before you leave home!
- Review driving and parking directions on our [website](#).

**Don't have your Owl Card yet?** It is strongly recommended to have your Owl Card before you head to check-in. To get an Owl Card, head to the Student Union where you will find the Owl Card Center. You can order your Owl Card ahead of time and avoid the lines during move-in, for more information on how to order yours online, [visit the Owl Card Center here](#).

## DAY OF MOVE-IN

- Arrive on campus and head to Innovation Village Apartments South.
- If you already have your Owl Card, proceed directly to check-in in the lobby to receive your keys. A friend or family member may NOT check out a key for a resident.
- Students may bring guests to assist with move-in.
  - No pets are permitted. Only certified service animals are allowed.
- Students have the option to bring their own dolly or hand-truck as move-in bins will be limited.
- Parking permits are not required during move-in. Do not park on sidewalks, on the grass or in ADA spaces.

## AFTER MOVE-IN

- Once settled in, head down to the front desk to find information about Wi-Fi, roommate agreements, community guides, events and more. Also remember to save the front desk number in your phone.
- Meet your Resident Assistant (RA)! Your RA is an upper-class student living in your area trained to work with other residents to establish a sense of community for all on-campus students. Your RA is a great resource who can help answer questions regarding the University and surrounding communities. They can assist with roommate communication, maintenance concerns and other issues of interest. Throughout the year, RAs will plan various programs and activities with, and for, the residents. Also, an RA is on duty each night and during weekends.

# LIVING ON CAMPUS

## HEALTH AND SAFETY

All members of the FAU Housing community—residents, staff and visitors are expected to act in a manner that demonstrates consideration for the health and safety of the community. HRE staff will conduct health and safety checks in each room, suite, and apartment at least once per semester, including the summer terms.

## ROOMMATE AGREEMENT

Early in the semester, all roommates/suite-mates will meet and develop a Roommate Agreement. Your RA may help guide the conversation around communication and potential areas of conflict in your suite or apartment.

## CLEANING

Residents will be responsible for obtaining cleaning supplies to maintain a clean-living environment within their assigned space. HRE will clean all residential spaces prior to student move-in and provide regular cleaning and sanitizing of public areas such as lobbies, hallways and elevator areas. Florida has a climate conducive to mold and mildew, and it is necessary to provide proper ventilation and humidification of rooms to retard and prevent the growth of mold and mildew. Resident agrees to be responsible for properly ventilating and dehumidifying the room and suite/apartment and contents to prevent mold and mildew. More on the prevention of mold can be found in the [Community Guide](#).

## WORK ORDERS

Should any issues in your room or suite arise, [work orders](#) should be placed by the resident experiencing the problem. Once a work order is submitted, a technician will be assigned to the request and will be in contact in a timely manner. Work orders will be addressed by priority level and request date during normal hours Monday - Friday 8:00 a.m.- 4:30 p.m.

## PERSONAL ELECTRIC-POWERED VEHICLES AND CABLE

Residents may not bring a non-service mobility device into the building. Non-service mobility devices include hoverboards, Segways, balance wheels, bicycles, scooters, other self-balancing two-wheeled scooters, etc. These devices are not to be ridden, transported, or stored in Housing facilities or courtyards or obstruct the entrances and exits of the buildings. These devices may be stored at all assigned external rack locations for each Housing facility.

## KITCHEN AREAS

Each unit in Innovation Village Apartments has a shared kitchen space. Please keep the following safety guidelines in mind.

- Never leave cooking unattended, and remember that grease fires should never be extinguished with water. Instead, turn off the heat and cover the pan with a lid if it is safe to do so.
- To help prevent plumbing issues, do not put grease, oil, or large food scraps down the drain and dispose of them properly in the trash.
- Help keep our shared kitchen safe by turning off appliances and checking that stoves, ovens, and microwaves are not left unattended while cooking.
- Practice good food safety by washing your hands, storing food properly, and cleaning up spills or messes after use.
- Be respectful of the community space by labeling your food, disposing of trash correctly, and leaving the kitchen clean for the next resident.

# SUMMER 3 EVENTS

Be on the lookout for these events happening in and around Innovation Village Apartments this summer! More information about these events will be posted within the buildings as well as communicated to you by your Resident Assistant.
