

**Medco Maintenance Drug List**  
**Effective September 1, 2011**

The Medco Maintenance Drug List contains medications that are generally taken on a long-term or maintenance basis for conditions such as high blood pressure or high cholesterol. Through the **Medco Pharmacy®** mail order service, you can get up to a 90-day supply of your medications for the same cost as two 30-day fills at a participating retail pharmacy.

For the PPO Plan only: You may purchase maintenance medications from a participating retail pharmacy three times, after which you must use the mail order pharmacy for the medications to be covered under the PPO Plan. If you continue to purchase your maintenance medications at a retail pharmacy after the third fill, you will be responsible for the entire cost of the medication.

Note: This list (1) does not include all maintenance medications, (2) is subject to change, (3) may include medications not covered by your health plan and (4) may include medications that are subject to additional coverage rules as determined by your health plan.

## Medco Maintenance Drug List

1ST CHOICE LANCETS  
1ST TIER UNIFINE PENTIPS  
3 STEP SKIN CARE
