JUNE HOLIDAYS: Start of Summer & Father's Day

June marks the official start of summer, bringing longer days and sunshine! It's a month for outdoor fun, and we also celebrate dads on Father's Day, often with special brunches or outdoor activities like fishing or a backyard BBQ. Here in South Florida, despite the heat, there are still plenty of ways to enjoy the season. Head to one of the many splash pads or water parks to cool off or perhaps plan an early morning beach trip before the sun gets too intense.
