

STUDENT OATH

Class of 2027

As the students of the Charles E. Schmidt College of Medicine Class of 2027, we pledge to:

Advocate for our patients' needs and serve as their voice should theirs go unheard.

Build trust with our patients and colleagues by recognizing and respecting each individual's circumstances, background, and values.

Honor the confidentiality, autonomy, and dignity of our patients.

Empower our patients to make informed decisions by promoting health literacy and education.

Provide a nonjudgmental environment and practice compassion and humanism when engaging with our patients.

Celebrate and embrace our unique individuality to bring diverse perspectives to the delivery of healthcare.

Collaborate and communicate effectively with those around us to create a supportive environment with our team and encourage shared-decision making with our patients.

Uplift our peers with grace in times of difficulty and extend that compassion to ourselves.

Lead with integrity and take accountability for our actions.

Approach situations with a growth mindset, learn from our mistakes, and persevere through challenges with humility.

Maintain the courage to advocate for our own health and develop effective methods of self-regulation so that we can provide optimal patient care.

Express gratitude to those who have supported us through our journey and recognize the privilege of learning from our patients.

By embodying these tenets, we will commit ourselves to a life that will bring honor to our profession, and above all, do no harm.
