What Students Are Saying

“My biggest challenge in my first year of college was feeling like I was in a new world and **there were many times when I wished I had someone to just shoot a text to.** I would love to be that person for someone else” –Tyra S. (Mentor)

“As a first-generation student, I had numerous questions about the dos and don'ts. So having a mentor guide me through my first semester is phenomenal...**I'm starting to feel well equipped for my new school environment.**” – FAU Mentee

“Being alone for the first time has definitely been a challenge but **my mentor has helped me and guided me** with what I need to do whether it be about the campus or any questions I have about the fafsa etc.” – FAU Mentee

New Student Orientation

Hello New Owls! 

First-Year SOAR, short for Student Orientation, Academics, and Resources program, shares information with students and their families regarding academic and student services as well as what it means to be an Owl.
