

## **IN THIS ISSUE**

**JANUARY 13, 2016**

### **Student Showcasing Opportunities:**

- [Florida Atlantic Undergraduate Research Journal 2015-16 Cover Design Contest](#)
- [Florida Undergraduate Research Conference](#)
- [OURI's Annual Undergraduate Research Symposium](#)
- [Life Sciences South Florida Undergraduate Research Symposium](#)
- [Nominate a Student for Undergraduate Researcher of the Year!](#)

### **National Student Funding Opportunities:**

- [Head to Sea with Nautilus in 2016](#)
- [Summer ORISE Fellowship Opportunities Available](#)
- [ORNL Challenge Program](#)
- [Call for Proposals: Florida Sea Grant Scholars Program](#)
- [The University of Pennsylvania Summer Undergraduate Internship Program](#)
- [CCCR Summer Undergraduate Minority Research Program](#)
- [Summer ORISE Fellowship Opportunities at FDA](#)

### **Faculty Opportunities**

**Coming Soon!**

## **STUDENT SHOWCASING OPPORTUNITIES**

### **Deadline Extended! [FAURJ 2015-16 Cover Design Contest](#)**

- Deadline: January 31, 2016

Looking for pieces to add to your portfolio? Each year, students at FAU have the option to submit a design for the FAURJ cover. Students may choose to use an optional template for their cover design (logos within the template must be retained for submission to be considered). For students who wish to see a physical copy of prior journals, please visit the Office of Undergraduate Research and Inquiry in GS Suite 209. For submission guidelines, visit the FAURJ [website](#). For questions regarding the cover art contest, please email [faurj@gmail.com](mailto:faurj@gmail.com)

### **Last Chance! [Florida Undergraduate Research Conference](#)**

- Deadline: January 15, 2016
- Event Date: February 26-27, 2016

The University of Tampa will be hosting the Florida Undergraduate Research Conference (FURC). This is one of the nation's largest multi-disciplinary research conferences. It is an annual event open to all undergraduate researchers in the state of Florida. For more information or to apply, [click here](#).

### **NEW! [OURI's Annual Undergraduate Research Symposium](#)**

- Abstract Deadline: March 4<sup>th</sup>, 2016
- Event Date/Location: April 1, 2016, Live Oak Pavilion and Grand Palm Room

Students engaged in undergraduate research may present their findings either through a poster presentation or an oral presentation. Because of space limitations, a maximum of two students per faculty mentor may present at the symposium. For more information, please visit the [OURI website](#).

***NEW! Life Sciences of South Florida Undergraduate Research Symposium***

- Application Deadline: February 22, 2016
- Event Date: April 2, 2016

The Annual Life Sciences of South Florida Undergraduate Research Symposium will be held at the North Campus of Broward College and will showcase the scientific work of South Florida's undergraduate students through student poster and oral presentations. For questions or to apply, please email OURI at [ouri@fau.edu](mailto:ouri@fau.edu), subject line: Life Sciences 2016, or visit the Life Sciences [website](#).

***Nominate a Student for Undergraduate Researcher of the Year!***

- Deadline: February 9, 2016

Have you conducted exemplary undergraduate research this year? Become the next Undergraduate Researcher of the Year for your college! OURI invites nominations for the 2015 URY awards from researchers, students and faculty. Each year, one student from every college will be selected for this award, receive a \$500 stipend, and be recognized at the annual Honors Convocation. For eligibility and nomination process, visit the [award website](#)

## **NATIONAL STUDENT FUNDING OPPORTUNITIES**

***NEW! Head to Sea with Nautilus in 2016***

- Deadline: Varies by Program

*Nautilus* is an exploration vessel that is looking for its next cohort of students and educators to join the Ocean Exploration Trust on its 2016 adventure! If selected to participate, you'll explore the dynamic environments of the eastern Pacific Ocean and investigate geological, biological, archaeological, and chemical phenomena off the coast of British Columbia, Oregon, and California. Applications close soon. For more information or to find the program for you, visit the [website](#).

***Last Chance! Summer ORISE Fellowship Opportunities Available***

- Deadline: January 15, 2016
- Program Dates: May 25- August 5, 2016

The Centers for Disease Control and Prevention (CDC), National Center for Environmental Health (NCEH), and the Division of Laboratory Sciences (DLS), are seeking Summer ORISE Fellows to focus on public health issues related to the environment. Current undergraduate and graduate students majoring in applied sciences are eligible to apply, Chemistry and Biology majors are preferred, although highly qualified candidates from other science majors may be considered. For more information, please visit the [CDC website](#)

***Last Chance! ORNL Challenge Program***

- Deadline: January 15, 2016

Applications for the Oak Ridge National Laboratory (ORNL) Challenge are now being accepted. Successful applicants will participate in a 10-week Summer Research Institute designed to give undergraduate juniors and seniors the opportunity to help solve real-world science problems by conducting research alongside world-leading scientists. For more information, or to apply, [click here](#).

***Call for Proposals: Florida Sea Grant Scholars Program***

- Deadline: February 1, 2016

The Florida Sea Grant Scholars Program provides five Florida college students with \$2,000 that may be used in support of their academic work, including traveling to conferences. Selected scholars are asked to provide the program with a short report on the outcomes of their work and that they acknowledge the Florida Sea Grant on any publications that were supported in part by the funds. For more information or to apply, [click here](#).

### **The University of Pennsylvania Summer Undergraduate Internship Program**

- Deadline: February 1, 2016
- Event Date: 10-week program starts June 6, 2016

The University of Pennsylvania is hosting their Summer Undergraduate Research Program (SUIP). SUIP is designed to provide an immersive research experience to students interested in graduate study in the biomedical sciences. Interns complete ten weeks of full-time laboratory research, attend seminars, and give scientific presentations to their peers and mentors. For more information or to apply, [click here](#).

### ***NEW!* CCCR Summer Undergraduate Minority Research Program**

- Deadline: February 15, 2016
- Program Dates: May 23- July 29, 2016

The Center for Colon Cancer Research (CCCR) at the University of South Carolina in Columbia, is leading the development of innovative and ground-breaking research in colorectal cancer. CCCR is looking to foster the progression of young scientists by hosting undergraduate internships in a cancer-related field. Students will receive a \$4,000 stipend, on-campus housing, and up to \$1,000 travel expenses. For more information, or to apply, please visit the [website](#).

### ***NEW!* Summer ORISE Fellowship Opportunities at FDA**

- Deadline: February 19, 2016

Summer research opportunities are available at the National Center for Toxicological Research (NCTR), U.S. Food and Drug Administration (FDA) in Jefferson, Arkansas. Selected individuals will participate in research projects on the biological effect of potentially toxic chemicals and the solutions to toxicology problems that have a major impact on human health and the environment. For more information, or to apply, visit the [website](#)

## **FACULTY OPPORTUNITIES**

**Coming soon!**

**For information on upcoming CUR Institutes please visit:** <http://www.cur.org/conferences.html>

This e-bulletin is produced by the Office of Undergraduate Research and Inquiry. If you have any news you would like to include, please email [ouri@fau.edu](mailto:ouri@fau.edu). A comprehensive list of additional research and inquiry opportunities can be seen on the [Student Opportunities](#) webpage. If you wish to be removed from this list, email [ouri@fau.edu](mailto:ouri@fau.edu) with *unsubscribe* in the subject line.
