NOVEMBER AT FAU IEI: A TIME FOR GRATITUDE AND HEROES

November is a time to immerse yourself in American culture and language during a special month of holidays. You'll explore the significance of Veterans Day (November 11th), a federal holiday dedicated to honoring and thanking all those who have bravely served in the U.S. Armed Forces. Then, we will look forward to Thanksgiving (the fourth Thursday of November), a national celebration centered on giving thanks and spending time with loved ones. On this day, families and friends gather for a massive, traditional feast that includes turkey, stuffing, and pumpkin pie, often accompanied by watching American Football and Black Friday shopping. Don't miss this opportunity to boost your English skills while discovering these rich American traditions!
