**Description:** REVEL™ for Journey of Adulthood discusses the aspects of "successful aging," covering growth and development from emerging adulthood to old age. Combining new and classic research as well as first person experience of adult development, author Barbara Bjorklund explains the development of adults as they leave adolescence and move through their adult years until the end of life. Comprised of both large longitudinal studies and major theories of adult development as well as smaller studies of diverse groups, REVEL for Journey of Adulthood helps students see the influences of gender, culture, ethnicity, race, and socioeconomic background on this journey. REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL offers an immersive learning experience designed for the way today's students read, think, and learn. Enlivening course content with media interactives and assessments, REVEL empowers educators to increase engagement with the course, and to better connect with students. NOTE: This Revel Combo Access pack includes a Revel access code plus a loose-leaf print reference (delivered by mail) to complement your Revel experience.
