

Florida Atlantic University

Regulation 4.006

Student Government and Registered Student Organizations

(1) PURPOSE.

- (a) Student Government and Registered Student Organizations are an essential part of the Florida Atlantic University community and are an integral part of the total academic program. The presence of a diverse group of organizations is in the best interest of the University and its Students. Such organizations foster valuable experiences for Students that lead to significant learning and development and create a sense of belonging.
- (b) Student Government and Registered Student Organizations provide a valuable service to the University community by promoting leadership development, community spirit, activism, community service, and social and cultural interaction. Student Government and Registered Student Organizations sponsor conferences, seminars, lectures, debates, cultural and social events, and fine arts programs. These activities allow FAU Students to meet and interact with local, state, nationally, and internationally renowned scholars, artists, politicians, academicians and other professionals. Student Government and Registered Student Organization members spend countless volunteer hours each academic year participating in service projects for campus and community efforts.

(2) RECOGNITION.

While faculty and staff members of the University serve in advisory capacities to Registered Student Organizations and Student Government, it is presumed that Students of legal adult age are adults and, therefore, make and are accountable for their decisions and behaviors as individuals and as members of the organization.
