

Florida Atlantic University – Division of Research Export Control – International Travel Review Form

NOTE: This International Travel Review Form is not part of an approval process, rather, it serves as the means to help identify and mitigate export compliance “red flags” prior to the commencement of international travel activities. This form is separate from any approval process Florida Atlantic University or any outside agency may require. Once the International Travel Review Form has been submitted to, and reviewed by, FAU's Export Control Officer, a copy must be maintained in the Principal Investigator’s records for five (5) years after the date of travel. This review form should be submitted to the Export Control Officer at least thirty (30) business days prior to the date of departure. Please note, it can take several months to apply for, and be granted, an export license from a U.S. governing agency.
