

2020-2021 CUES ONLINE EVENT

Planning Ocean Cities

Addressing Climate Impacts
in South Florida

Wednesday, November 18
3:00 pm - 5:00 pm

www.cues.fau.edu/events/oceancities
Film screening, presentations & discussion

In this era of climate change and sea level rise --
How can coastal cities around the world innovate and connect to the oceans they border?
Join us for a film screening, presentations and discussion to learn about climate impacts
on the natural and built environment in South Florida. **2 AICP CM credits**

Tim Beatley, PhD.
University of Virginia

A G E N D A
