

Don't miss all the
Slimy Messy Yucky Pumpkin Guts at the
**11th Annual PUMPKIN DROP &
Physics Carnival**

Tuesday, October 31, 2017
Carnival: 10:30 am - 12:45 pm
Pumpkin Drop: 10:00 am

Located on the lawns south & west
of the Science Building (SE 43)

Physics-related carnival games & face painting for middle
schoolers! Dunk Tank! Ice Cream! DRONES!

Come watch Physics Professors drop real pumpkins off the
roof of the Science Building to demonstrate common
physics principles such as constant acceleration of gravity,
terminal velocity, and Newton's laws. Sir Isaac Newton will
explain the theories behind these principles!!!!
