

Important Schedule and Competition Information\

Each team can compete in an event only during their assigned times, and they must be present at the beginning of the time period. Late arrivals **MIGHT** be permitted *at the discretion of the supervisor*, but late arrivals will **not** be given any additional time.

Look closely at the schedule for impounded devices – **IMPOUND** indicates an event that requires an impound to take place. If an event supervisor indicates there is a violation on the device, the student may fix it **PRIOR** to the close of the impound time period. The event supervisor is not required to indicate what is specifically wrong, just that there is a violation.

Impounds are received at the room listed for that event, NOT at the main registration table. **Impound will occur from 9:00 – 9:50 a.m.**

On the day of competition, team check in will open on the Sanson Patio at 7:30 a.m. Please be sure to arrive no later than 8:00 a.m. If you have any questions about the schedule, please email ttheisen@fau.edu
