Greetings!

We have experienced another year of “Unbridled Ambition.” Our on-campus housing occupancy topped 100%, our annual iLead Conference brought almost 1,000 diverse students together, and our Fraternity & Sorority Life Community took historic steps to continue to uphold the values and missions that are critical to academic success. We also continue to enhance the Florida Atlantic University (FAU) student experience through our quality programming, services and events. The University’s strategic plan is in full implementation and I am excited that Student Affairs continues to play an important part in several of the strategic platforms: Leadership, Diversity, Healthy and Environmentally Sustainable Campus, and Global Perspectives and Participation. In addition, we saw the expansion of our Division to include Enrollment Management. This valuable addition to the Division will ensure a collaborative and seamless process for the recruitment, admission, retention, graduation, and job placement of our student body.

In our continuing efforts to ensure student success at FAU, several new offices have been developed. First, the Women and Gender Equity Resource Center – created to advocate for gender equity on and off campus, and promote, support, and expand prevention programs for gender-based harassment and discrimination for all types of students. Second, the Commuter Student Services Office – created to build community by connecting first-year and second-year students living off-campus to FAU services, programs and engagement opportunities. Finally, the Office of First-Generation Student Success – aimed at assisting our first-generation students from orientation through graduation by connecting them to advising, financial aid, career services, and other important student success services.

Vision Statement
The Division of Student Affairs and Enrollment Management aspires to ignite purpose and passion in our students to become socially responsible and globally engaged leaders. We will challenge ourselves and our students, to accept and act upon our responsibility, to be role models who learn and act to create meaningful and impactful change at FAU and beyond.

Mission Statement
We create diverse, challenging and transformative environments through our innovative and effective programs, services, and outcomes-based approach to student learning and development. We equip students with necessary tools to achieve academic, personal, and career success.

Core Values

Diversity - Intentional awareness and inclusion

Innovation - Striving for creative solutions and continuous improvement

Integrity - Accountability to divisional goals and professional standards

Collaboration - Shared programs, services, and governance to achieve maximum benefit

Leadership - Students, staff, structures, by teaching, learning, acting...model the way

Wellness - Care for self, care for others, care for community
Divisional Strategic Goals

1. Directly engage in the university strategic platforms and University Master Plan.

2. Develop students holistically by engaging in meaningful collegiate experiences.

3. Intentional emphasis on the BOG metrics related to retention, graduation, and job placement.

4. Deepen the integration of Student and Academic Affairs to enhance the student experience and contribute to academic success.

5. Cultivate and foster relationships with key stakeholders.
