

QUICK TECHNOLOGY GUIDE

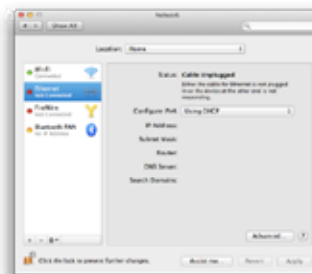

HOW TO FIND THE MAC ADDRESS FOR MAC USERS

1. Select **System Preferences** from the Apple menu (🍏) at the top left of your screen.
2. Click **Network** from the System Preferences menu.

3. Choose **Wi-Fi** from the list of interfaces on the left and click the **Advanced** button.
4. Choose the **Hardware** tab under which you will see the MAC address of your wireless card.
5. Press **Cancel** to return to the Network menu. Choose **Ethernet** from the list of interfaces on the left and click the **Advanced** button.
6. Choose the **Hardware** tab under which you will see the MAC address of your ethernet card.
