

Alternative Event/Meeting Locations

On occasion the Student Union may not have the space available to host your meetings or events. We have compiled this list of alternate locations for your convenience. The Venue Acknowledgement Signature will be signed by the appropriate personnel at the alternate location and you will still submit your Student Organization Event Registration and Space Use Request Form to the Student Union Administrative Office, Room 203. *Please note that you will likely be responsible for any equipment requests at these locations. The Student Union does not provide equipment outside of the facility.
