

### Parent Responsibilities

I understand that a valid, Non-Expired Photo ID from the below list is required from the test taker, regardless of age. There are no exceptions to this policy. The name in which you registered must match the presented ID (example: Double or hyphenated last names). If the ID that is being presented on test day has two last names, then you MUST register with using both last names. No school ID's, photocopies, or pictures of ID's will be accepted. Please check which ID will be presented.

| <input type="checkbox"/> State Approved ID <a href="http://www.flhsmv.gov">http://www.flhsmv.gov</a> |   |

I understand that Testing and Evaluation Center personnel cannot assume responsibility for students who arrive early and do not enter the Center, or for students who leave the Center after testing when no one is waiting for them. I understand the responsibility for the safety of my child rests with me, the parent/guardian, and not with the Testing Staff. The Testing Staff will not be responsible for children left unattended or notify you when your child has finished testing. **If you are unable to wait for your child for the duration of the exam, he/she will not be permitted to test.** There are no exceptions to this policy.

### Waiting Area

Due to COVID-19 restrictions, no additional visitors will be allowed into the center, only those who are testing. Parents must wait outside of building or in their vehicle. You may not leave the area. Upon the completion of the exam, a Testing Staff member will contact you at the number provided below and escort your child to you with a copy of the score report. Thank you for your understanding while we work to ensure the health and safety of everyone involved.

**In any situation where a Parent/Guardian is not present upon completion of the exam, a score report will not be issued to the student.** The Testing Staff will submit the score report directly to the respective program with an incident report attached.
