Recommend that you complete all the lower-level required courses within your 1st and 2nd semester to stay on track for graduation.

Please be advised that in order to be a full-time student, you must register for a minimum of 12 credits. FAU recommends that you take 12-15 credits per term to stay on track for a timely graduation. Six credits is recommended for summer coursework. If you would like to take more credits in the summer we recommend you consult with an academic advisor. Please check course availability when building your flightplan

Courses in **BOLD** are only offered in the indicated semester.

FAU Repeat Course Policy

The FAU Repeat Course policy limits a student to two attempts at taking the same course (FAU or at any other institution). An attempt includes "W" or "U" or "Letter Grade" that does not meet the required grade for the major.

Students attempting any course for a third time must obtain authorization from their declared college before registering for the course.
