UAS
INTERNSHIP
OPPORTUNITIES

UAS Mission

University Advising Services' (UAS) primary focus is first and second year students. UAS provides a safety net for any student not sure where to go for help. In support of this mission, the UAS office offers students a broad, comprehensive array of services aimed at aiding students in developing and implementing an appropriate and meaningful education plan.

The academic advising program is based on the Appreciative Advising model. It is the intentional collaborative practice of asking positive, open-ended questions that help students optimize their educational experience and achieve their dreams, goals and potential. The advisee and advisor, as partners, work together to discover the students' passions, and dreams, design a plan to achieve those dreams, deliver on that plan, and make changes as necessary to achieve their goals.

Requirements for Application

- 10-15 hours per week (2-3 days in office)
 - Enrolled in an applicable master's degree program
 - Commitment to academic and student affairs
 - One (1) Letter of Recommendation
