

Discussion Item
UUPC Meeting of December 2, 2019

Research Space Assignment Policy

At the UUPC's November meeting, reps were asked to gather comments from their colleges concerning the Provost's Office Research Space Assignment Policy. At this December meeting, EG Rep Dan Meeroff reported that not all colleges had submitted comments. He requested more time to gather the comments and prepare them in a document. Rep Meeroff added that in the past month he met with Dr. Paul Peluso, chair of the UGPC, to coordinate efforts between the two curricular committees regarding this policy. Rep Meeroff suggested that comments could still be sent to him and he and Dr. Peluso would gather all into a single document to be presented to the Steering Committee. The deadline for UUPC to submit comments would be December 11. The UUPC agreed with the deadline and with Rep Meeroff coordinating efforts with UGPC.
