Effective Date
(TERM & YEAR)
Spring 2019

Please explain the requested change(s) and offer rationale below or on an attachment

Reduce number of elective credits in the Bachelor of Architecture program from 27 to 24 by changing the electives in the Year 5 (Thesis Level) requirements from 15 credits to 12 credits.

Due to a number of revisions to the program and course requirements over the years, the total number of credits have crept up to 162 in the catalog listing. This reduction serves to align the catalog with the actual total number of credits required for this program, 159, as approved by the Board of Governors.
