Dear all,

The CEECS department approves the Math proposal.

Thanks,

Hanqi

Hi Tamara, Rainer,

the CEECS undergraduate programs committee is reviewing the revised proposal for feedback and/or approval. We will get back to you as soon as possible.

Thanks,
Mihaela

Subject: RE: Possible Math Track for Cybersecurity Minor

Dear Hanqi, Mihaela:

I am fine with the suggested changes Rainer's draft contains. Once I have your feedback, we will be able to start the approval process in our departments. The goal is beginning of January to start the Colleges' approvals.

Any thoughts?

Best Regards:

Tamara

Dear Rainer:

Thank you for working so promptly on the program. Can I ask you to send us the original Word files so we can make track changes

Best Regards:

Tamara

Subject: Possible Math Track for Cybersecurity Minor

Hello,

Attached is the anticipated math track for the cybersecurity minor, which would involve two now upper-division math courses. Please let me know if this looks okay to you -- I've highlighted the proposed changes in the verbiage of the minor you had generated already. Assuming this looks reasonable to you, I'd bring this to our department for a vote.

Thanks,
Rainer
