	Department Political Science College Arts and Letters		
Program Name Bachelor of Arts in Political Science	<input type="checkbox"/> New Program <input checked="" type="checkbox"/> Change Program	Effective Date (TERM & YEAR) Fall 2019	
Please explain the requested change(s) and offer rationale below or on an attachment We propose deleting the following requirement from the degree program: Students who enter Florida Atlantic University with fewer than 30 credits must complete Introductory Statistics (STA 2023). Rationale: 1. This requirement creates an obligation for some students and not others. 2. The Department already offers quantitative training that is more relevant and tailored to this discipline. 3. Quantitative methods like statistics are not necessary for all types of political science research and requiring this class makes our major inaccessible for students who would be pursuing the degree through qualitative or analytical methods.
