

**Email Exchanges Regarding New Course Proposals
(POT 4013: Ancient Political Thought & POT 4054: Modern Political Thought)**

Dear Rebecca,

Thanks for letting me review these courses. They look wonderful. I especially like your Preparing and Participating in Class instructions. As a historian of political thought, I will be happy to encourage my own students take these courses and become familiar with these important texts. Neither conflicts with what we currently offer but both supplement our offerings nicely.

Kind regards,

Ben
