Hi Maria,

I have met with Hanqi and Iselgis on this and there will be no problem from my end with their paperwork for this program. I believe they are working on getting a signature at their college level.

Thank you,
Julie

Dear Hanqi:
Do you have an email from Julie saying we are good to go for the self supporting program?
See below.

Dear Dan,

We are resubmitting the documents after the required revisions. We also included the market survey.

Please let me know if you have questions. Otherwise, please sign the form as the program was proved by CUPC.

Thanks,

Hanqi
