Hi Shailaja,

I have discussed the proposed Pharmaceutical Technology Certificate program with Dr. Milton, the interim Chair for biological sciences. We both feel it would be an excellent program for many of our students and support moving forward with the application. Please let me know if you have any questions or need additional information.

Stay safe,
David

Dear Drs. Milton and Binninger,

I hope you are doing well.

I am working on initiating a new certificate program titled "Pharmaceutical Technology Certificate Program" for undergraduate students who aspire to pursue a career in pharmaceutical industry. I am would like to request your support for this new program as it would be benefit students across STEM disciplines. I am attaching the documentation and new program form for your reference. Please let me know if you have any questions.

Thanks very much for all your support.

Regards,
Shailaja
