Rainer:

I am very sorry for the delay in my response. I will have an answer for you once I hear from the Department faculty. It should be no later than Monday this coming week. Again, please accept my apology for the delay.

Regards,

Emilio

Dear Emilio,

I hope all is well. To follow the proper procedure for program changes, I am checking if there are any objections from your department to our proposed change of the Actuarial Science Certificate, replacing *RMI 3011- Principles of Insurance* with *FIN 3403- Principles of Financial Management*. If you could send me a short email stating that you have no objections, that would be terrific.

If I do not hear from you, I will add this email chain to our documentation for the UUPC to indicate that we have contacted all impacted departments and received no objections.

Best wishes,
Rainer
