**Subject:** RE: New Philosophy course on Artificial Intelligence and Ethics

Hi Ethlyn:

I have no objections to this course. We have been waiting for it to be created, it will also enrich COB curriculum

Best Regards:

Tamara

**Subject:** New Philosophy course on Artificial Intelligence and Ethics

Hi Tamara and George,

The chair of the UUPC, Jerry Haky, requested this course (Artificial Intelligence and Ethics) receive a letter of endorsement from Business. I think it does not conflict with the courses in Business.

If you reply to me and copy Susan Schneider, [sschneider@fau](mailto:sschneider@fau), about this course, I can forward it to the UUPC.

Thanks,

Ethlyn

Ethlyn,

I have no objection. However, I will await Tamara's response and defer to her judgment.

We in accounting teach BUL 4443, "Ethics in Business" but I don't see any issue with the offering of a systems-specific course from Arts and Letters on ethics.

Best regards,

George
