CATALOG CHANGE: MANAGEMENT MAJOR

EXPLANATION

We wish to add three courses to the elective lists for each concentration within the Management major in order to give students more options. The three courses to be added are the same ones for each concentration.

The Current Catalog Listing is shown immediately below. After that, the proposed listing is shown. In that proposed listing, the courses to be added are highlighted in red font. The course listing has been rearranged within each category (required versus elective in both concentrations) so that the courses appear in alphanumeric order by course prefix and number.
