Subject: Re: UPC Memo Letter

The School of Communication and Multimedia Studies is supportive of the name changes of these courses to highlight the camera element of performance. This change will support greater collaborations between our units, as well.

Best Wishes,
Carol B. Mills, Ph.D.
Director, School of Communication and Multimedia Studies

Subject: UPC Memo Letter

Hi Carol,

We are renaming a few courses here in the Theatre Department to better align with our new Film Acting Components. Could you please send a brief memo in support of these changes for the UPC committee so they have confirmation that this does not step on your programs?

Thanks,

Tom
