**Subject:** ANT 2410 Description

Hi Michael. I'm sorry it took me so long to get around to this, but I am attaching the course change form to update the description of ANT 2410. I tried to make it more interesting, and if you want to change anything in the description feel free to change it or insert a description from one of the syllabi used at FAU. Or, if you approve of this change, please send me your approval.

Thank you.

Rachel
