Dear Rachel and Carmen,
Thanks for your explanation. I do not have any objection.
Carmen, best of luck with the course!.
Have a great week,
Nuria

Subject: Re: SPN 2162 Honors Spanish for Healthcare Professions

Good Morning, Nuria. I am chairing the Curriculum Committee for the Honors College this year. We had a discussion about this course with Miguel Vázquez, Mary Ann Gosser Esquilín, and Maria Jennings from UUPC, and it is recommended that Carmen use the same course code (SPN 2162) for this course. She will be required to state in the syllabus how the honors version of the course differs from the non-honors version, and it would have to be approved by the UHC as an honors-level course, but the committees felt it was best to use the same course code and title that are already in the system.

As with all proposed honors courses, the UHC and UUPC need to know that there are no objections from the respective departments in other colleges.

Please let me know if you have any questions. Thank you.

Best,
Rachel

Dear Carmen,
 Congrats! The course looks great. Now, this Spanish course for healthcare Professionals is not exactly equivalent to ours, but the next one in the sequence. Our course is the equivalent to Spn 2220; yours is the equivalent to spn 2221.

I copy here the Chair of our department, Eric Berlatsky, to see if he is ok with this too. Eric, I don't see any conflict of interest. On the contrary, I think is a good idea to have two different course codes for two different levels of Spanish for Health Professionals. However, I don't know if there is anything that I am not seeing. Could you please confirm everything is ok?

Best,
 Nuria

Dear Nuria,

I need approval from your department to offer the equivalent honors version of SPN 2162 Spanish for Healthcare Professions. Attached is the syllabus and the calendar of this course.

I'm copying this on Rachel Corr, who is the chair of the WHC curriculum committee.

Best wishes,

Carmen
