<p>Please explain the requested change(s) and offer rationale below or on an attachment.</p> <p>This new minor allows non-music majors who have an interest in continuing their musical pursuits a way to do so. Currently, non-majors are able to audition for music ensembles, often as zero credit courses. This minor allows them a vehicle to do so for credit, and with access to music courses and facilities otherwise reserved only for majors. This minor will generate new SCH for the Department of Music, as courses and seats are already available. By requiring Music's two IFP courses, this minor may be added to a degree program with minimal additional credits, nine. In consultation with University Advising, we believe there is significant demand for this minor.</p>			
<p>*All new programs and changes to existing programs must be accompanied by a catalog entry showing the new or proposed changes.</p>

Description/ Information

The minor is available to undergraduate degree-seeking students not majoring in music and may be earned upon successful completion of the coursework below and the simultaneous completion of a bachelor's degree at FAU.

The minor requires 15 credits, with minimum grades of "C" required in all courses for the minor. For the minor, at least 12 of the 15 credits must be earned from FAU.

Timely Graduation: Minors should be considered an optional direction for elective credits. Students may not add a minor or certificate without permission from an Arts & Letters advisor (and main college advisor if different). Students are generally not permitted to add a minor/cert after earning 90 credit hours or if completing it will result in an Excess Hour Surcharge.
