Hi Tamara

I recommend including the crowdfunding course and the fintech course be used from the finance side

Please see attached and let me know if you are okay with the change

If so, then I'll confirm with Anita in finance

Thanks

Doug

Hi Doug,

The form is available at the same link I sent earlier. At this point, you and ITOM need to decide whether to include both FinTech and Crowdfunding, remove finance electives, or eliminate one ITOM course. Once you've made that decision, we can incorporate your proposal into the program change form.

Best,

Charles
