

November 10, 2025

To: UFS Steering Committee 
From: UFS Academic Planning and Budget
Subject: BS in Artificial Intelligence and Philosophy

Academic Planning and Budget met on November 10, 2025 to review the economic implications of the proposed new degree in Artificial Intelligence and Philosophy. Based on the proposal and the explanations provided, we do not expect this degree to result in significant additional costs and do not have concerns about its economic impact on the institution.
