## Course Evaluation Method

### Grading Criteria

Student Introduction and Syllabus & Course Agreement (0%- extra credit if both assignments are completed by assigned date- see Canvas)

You will post an introduction in the student introduction discussion board (and reply to at least two others' posts) and complete a syllabus and course agreement.

#### 1. Biweekly check ins (20% of your final grade)

Students will upload a short update on Canvas on a biweekly basis to check in and provide a quick update.

#### 2. Research Paper (30% of your final grade)

Students will write a 15-page paper on a research project conducted during your internship at your specific organization. This paper will be completed in three parts (see under dates below) to make the process more manageable. You will find a link to a sociological website that provides a synopsis of the different parts of a sociological paper to help guide you in the research process.

#### 3. Agency Evaluation of the Student (25 % of your final grade)

Student Evaluation- This portion of the grade will be based on the internship organization's evaluation of the student. This is based on attendance, performance, maturity, attitude, and completion of responsibilities.

#### 4. Self-Assessment (25% of your final grade)

Student self-evaluation and internship agency evaluation- This portion of this grade will be based on the student's self-evaluation of their work and their experience interning in the organization (PowerPoint). Some of the types of questions you might be asked to answer are the following: How good of a job do you feel you provided to the organization? What grade would you give yourself? How satisfied are you that the experience related to the course objectives? What do you feel you gained

from this experience- personally as well as professionally? What could have made it more rewarding? What do you feel the internship organization gained through your participation as well as the larger community that it serves? How would you rate your experience with the organization, and would you say the organization is achieving the goals/mission statement they have set for themselves? There will be further information available on Canvas regarding this assignment.

## Code of Academic Integrity

---

Students at Florida Atlantic University are expected to maintain the highest ethical standards. Academic dishonesty is considered a serious breach of these ethical standards, because it interferes with the university mission to provide a high quality education in which no student enjoys an unfair advantage over any other. Academic dishonesty is also destructive of the university community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. Harsh penalties are associated with academic dishonesty. For more information, see [University Regulation 4.001](#).

### Hardware & Software Requirements

#### Hardware

- Dependable computer: a computer/laptop can break down unexpectedly and repairing it may take a few days, therefore plan accordingly. Not having a working computer will not be considered a valid excuse for makeup work as you will need to continue to work on your assignments to complete them on time. The university has open labs at all FAU campuses and many local public libraries also offer computer access to residents.
- Computer speakers
- Headset with microphone
- Webcam
- external hard drive, a USB drive, cloud storage, or a folder on the FAU servers (make sure you save a copy of your work on something other than your computer)

#### Software

- Microsoft 365 Suite
- Reliable web browser (recommended Chrome or Firefox)
- Canvas mobile app: Download instructions for iOS device or Android device
- Adobe Reader
- Adobe Flash Player

#### Internet Connection

- Recommended: Broadband Internet connection with a speed of 4 Mbps or higher.
- To function properly, Canvas requires a high-speed Internet connection (cable modem, DSL, satellite broadband, T1, etc.). The minimum Internet connection speed to access Canvas is a consistent 1.5 Mbps (megabits per second) or higher.
- Check your Internet speed [here](#).

#### Computer Requirements

##### Basic Computer Specifications for Canvas

- Operating system: Windows 10 or macOS Sierra (or higher).
- Specifications

#### Peripherals

- A backup option should be available to minimize the loss of work. This can be an external hard drive, a USB drive, cloud storage, or your folder on the FAU servers.

#### Software

- Once logged in to Canvas make sure your Internet browser is compatible.
- Other software may be required for specific learning modules. If so, the necessary links to download and install will be provided within the applicable module.

#### Minimum Technical Skills Requirements

The general and course-specific technical skills you must have to succeed in the course include but are not limited to:

- Accessing Internet.
- Using Canvas (including taking tests, attaching documents, etc.).
- Using email with attachments.
- Creating and submitting files in commonly used word processing program formats such as Microsoft Office Tools.

- Copying and pasting functions.
- Downloading and installing software.
- Using presentation, graphics, and other programs.
- Posting and commenting in an online discussion.
- Searching the FAU library and websites.

## Technical Support

In the online environment, technical issues are always possible (e.g., lost connection, hardware or software failure). Many of these can be resolved relatively quickly, but if you wait until the last minute before due dates, the chances of these glitches affecting your success are greatly increased. Please plan appropriately. If a problem occurs, it is essential you take immediate action to document the issue so your instructor can verify and take appropriate action to resolve the problem. Most issues in Canvas can be resolved by clicking on the “Help” tab located on the menu bar.

When a problem occurs, click “Help” to:

- Report a Problem
- Live Chat with Canvas Support
- Search Canvas Guides

## Additional Technical Support

1. Contact the eLearning Success Advisor for assistance: (561) 297-3590
2. If you can, make a Print Screen of the monitor when the problem occurs. Save the Print Screen as a .jpg file. If you are unfamiliar with creating a Print Screen file, see Print Screen instructions.
3. Complete a Help Desk ticket. Make sure you complete the form entirely and give a full description of your problem so the Help Desk staff will have the pertinent information in order to assist you properly. This includes:
  - a. Select “Canvas (Student)” for the Ticket Type.
  - b. Input the Course ID.
  - c. In the Summary/Additional Details section, include your operating system, Internet browser, and Internet service provider (ISP).
  - d. Attach the Print Screen file, if available.
4. Send a message within Canvas to your instructor to notify him/her of the problem. Include all pertinent information of the incident (2b-d above).
5. If you do not have access to Canvas, send an email to your instructor with all pertinent information of the incident (2b-d above).

6. If you do not have access to a computer, call your instructor with all pertinent information of the incident. If he/she is not available, make sure you leave a detailed message.
7. If you do not hear back from the Help Desk or your instructor within a timely manner (48 hours), it is your responsibility to follow up with the appropriate person until you obtain a resolution.

## **Attendance Policy Statement**

---

Students are expected to attend all their scheduled University classes and to satisfy all academic objectives as outlined by the instructor. The effect of absences upon grades is determined by the instructor, and the University reserves the right to deal at any time with individual cases of non-attendance. Students are responsible for arranging to make up work missed because of legitimate class absence, such as illness, family emergencies, military obligation, court-imposed legal obligations, or participation in University-approved activities. Examples of University-approved reasons for absences include participating on an athletic or scholastic team, musical and theatrical performances, and debate activities. It is the student's responsibility to give the instructor notice prior to any anticipated absences and within a reasonable amount of time after an unanticipated absence, ordinarily by the next scheduled class meeting. Instructors must allow each student who is absent for a University-approved reason the opportunity to make up work missed without any reduction in the student's final course grade as a direct result of such absence.

## **Religious Accommodation Policy Statement**

---

In accordance with the rules of the Florida Board of Education and Florida law, students have the right to reasonable accommodations from the University in order to observe religious practices and beliefs regarding admissions, registration, class attendance, and the scheduling of examinations and work assignments. University Regulation 2.007, Religious Observances, sets forth this policy for FAU and may be accessed on the FAU website at [www.fau.edu/regulations](http://www.fau.edu/regulations).

Any student who feels aggrieved regarding religious accommodations may present a grievance to the executive director of The Office of Civil Rights and Title IX. Any such grievances will follow Florida Atlantic University's established grievance procedure regarding alleged discrimination.

## **Time Commitment Per Credit Hour**

---

For traditionally delivered courses, not less than one (1) hour of classroom or direct faculty instruction each week for fifteen (15) weeks per Fall or Spring semester, and a minimum of two (2) hours of out-of-class student work for each credit hour. Equivalent time and effort are required for Summer Semesters, which usually have a shortened timeframe. Fully Online courses, hybrid, shortened, intensive format courses, and other non-traditional modes of delivery will demonstrate equivalent time and effort.

## Course Grading Scale

---

Letter Grade	Percentage
A	100 - 93%
A-	< 92 - 90%
B+	< 89 - 87%
B	< 86 - 83%
B-	< 82 - 80%
C+	< 79 - 77%
C	< 76 - 73%
C-	< 72 - 70%
D+	< 69 - 67%
D	< 66 - 63%
D-	< 62 - 60%
F	< 59 - 0%

## Grade Appeal Process

---

You may request a review of the final course grade when you believe that one of the following conditions apply:

- There was a computational or recording error in the grading.
- The grading process used non-academic criteria.
- There was a gross violation of the instructor's own grading system.

[University Regulation 4.002](#) of the University Regulations contains information on the grade appeals process

## Policy on Make-up Tests, Late work, and Incompletes

---

### Late Assignments Policy

Late assignments will be accepted within the first 24 hours after the due date. For each hour the assignments are late, 5% will be deducted. No makeups are available 24 hours after the due date of any assignment/quiz/test/discussion.

If the student is aware that there is a university-sponsored activity (i.e. athletic event/performance), jury duty, military obligation, illness/hospitalization, religious obligation during the entire due date time frame, students must contact the instructor within a week before missing an assignment to schedule a make-up assignment. If you are allowed to make up the assignment, it must be completed before one week of the regularly scheduled assignment. Failure to adhere to these guidelines will result in a Zero (0) for the assignment in question.

## **Policy on the Recording of Lectures**

---

Students enrolled in this course may record video or audio of class lectures for their own personal educational use. A class lecture is defined as a formal or methodical oral presentation as part of a university course intended to present information or teach students about a particular subject. Recording class activities other than class lectures, including but not limited to student presentations (whether individually or as part of a group), class discussion (except when incidental to and incorporated within a class lecture), labs, clinical presentations such as patient history, academic exercises involving student participation, test or examination administrations, field trips, and private conversations between students in the class or between a student and the lecturer, is prohibited. Recordings may not be used as a substitute for class participation or class attendance and may not be published or shared without the written consent of the faculty member. Failure to adhere to these requirements may constitute a violation of the University's Student Code of Conduct and/or the Code of Academic Integrity.

## **Artificial Intelligence Preamble**

---

FAU recognizes the value of generative AI in facilitating learning. However, output generated by artificial intelligence (AI), such as written words, computations, code, artwork, images, music, etc., for example, is drawn from previously published materials and is not your own original work.

FAU students are not permitted to use AI for any course work unless explicitly allowed to do so by the instructor of the class for a specific assignment. [\[Policy 12.16 Artificial Intelligence\]](#)

Class policies related to AI use are decided by the individual faculty. Some faculty may permit the use of AI in some assignments but not others, and some faculty may prohibit the use of AI in their course entirely. In the case that an instructor permits the use of AI for some assignments, the assignment instructions will indicate when and how the use of AI is permitted in that specific assignment. It is the student's responsibility to comply with the instructor's expectations for each assignment in each course. When AI is authorized, the student is also responsible and accountable for the content of the work. AI may generate inaccurate, false, or exaggerated information. Users should approach any generated content with skepticism and review any information generated by AI before using generated content as-is.

If you are unclear about whether or not the use of AI is permitted, ask your instructor before starting the assignment.

Failure to comply with the requirements related to the use of AI may constitute a violation of the [Florida Atlantic Code of Academic Integrity, Regulation 4.001.](#)

Proper Citation: If the use of AI is permitted for a specific assignment, then use of the AI tool must be properly documented and cited. For more information on how to properly cite the use of AI tools, visit <https://fau.edu/ai/citation>

## **AI Language Specific To This Course**

---

- AI Prohibited: The use of AI to assist in any work assigned in this specific course is prohibited. Students will receive a zero if AI is found to have been used in any coursework.

## **Counseling and Psychological Services (CAPS) Center**

---

Life as a university student can be challenging physically, mentally and emotionally. Students who find stress negatively affecting their ability to achieve academic or personal goals may wish to consider utilizing FAU's Counseling and Psychological Services (**CAPS**) Center. CAPS provides FAU students a range of services – individual counseling, support meetings, and psychiatric services, to name a few – offered to help improve and maintain emotional well-being.
