Hi Joe,

The Psychology Department is also happy to support this undergraduate course. This does not overlap significantly with any of our course offerings, so I don't have any concerns about your offering of this course.

Sincerely,
Alan

Subject: Undergraduate Course Review of GEB4083

Dear Alan:

Thank you, once again, for your review and support of our graduate course GEB6087, in mindfulness in Business Communications for our business students.

While our undergraduate course was approved in the CoB, we are now being asked for review and support of the undergraduate course, GEB4083 Mindfulness in Business Communications, by Psychology.

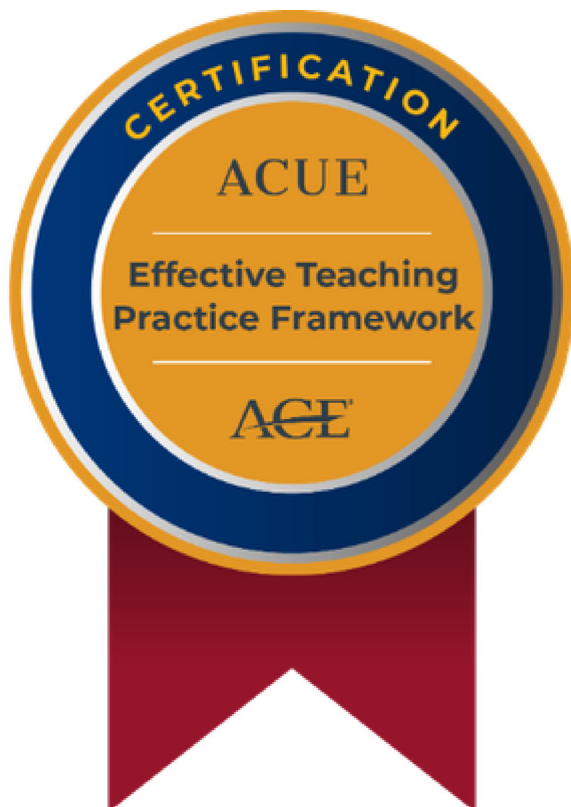

Would you mind please reviewing this undergraduate course, as it is very similar to the graduate course? Our plan is to cross-list the two course for students in the College of Business.

I sincerely appreciate your help once again.

Joe

Subject: Undergraduate Course Review

Dear Dr. Nichols:

Business Communications in the College of Business is looking to introduce the course, "Mindfulness in Business Communications" for our business students.

The course was approved by the College of Business Undergraduate Council, but recommended support of the Psychology Department and the Center for Peace, Justice and Human Rights. Psychology has responded with support of the course for our business students.

Would you mind please reviewing the attached syllabus and responding with your support, and I will forward it with the course documentation?

Thank you for your help.

Joe
