Subject: No Conflict Verification: Program Change to Bachelor of Science in AI + Ed

Hello Chairs,

Please confirm that there is no conflict on the change of program curriculum proposal for the Bachelor of Science in AI + Ed degree. The paperwork is attached.

Description of Changes:

The Dept. of Curriculum and Instruction in the College of Education and the Dept. of Electrical Engineering and Computer Science in the College of Engineering and Computer Science are requesting that changes be made to the Bachelor of Science in Artificial Intelligence with Education degree, to revise some of the Education Core Courses and Education Electives. These changes ensure students take key courses in both ESOL strategies and classroom management, remove core courses no longer offered (EDF 2854), and provide more elective course options for students to choose from in order to best fit their curricular interests.

1) Course Requirement Changes: (a) Remove ESE 3940 Secondary School Effective Instruction as a required course. (b) Add notation of 15 hour field component requirement to EDF 2005. (c) Remove the notation "or" between TSL 4324 and EDG 4419. Proposed requirement: ESE 3940 will now be listed as an elective. Both TSL 4324 and EDG 4419 are required courses.

2) Elective Changes: (a) Add "OR" for SCE 4350 Principles & Methods K-9 Sci. / SCE 4360 Science: Middle & Sec. School; students may take either SCE 4350 OR SCE 4360 as an elective. (b) The dept would like to remove EDF 2854 and add the following courses and comment to the elective list: EDG 4343 - Instructional Strategies and Assessment Practices; RED 4335 - Reading in the Content Area; EEX 4763 - Special Education Technology; EDG 4916 - Directed Independent Research; ESE 3940 - Secondary School Effective Instruction (90 hours field experience). Addition of the following phrase at the end of the list of electives: "Additional electives can be added based on advisor input."

Warmly,

Sabrina Sembiante, Ph.D.

RE: Statement of Support: Program Change to Bachelor of Science in AI + Ed

From Hari Kalva <hkalva@fau.edu>

Date Thu 9/24/2026 12:30 PM

To Sabrina Sembiente <ssembiente@fau.edu>

Cc Michelle McGovern <mvaugha3@fau.edu>

Hi Sabrina, EECS supports the proposed changes. I think this needs approval from both colleges since this is a joint program.

Can you send the version without your signature so that I can get signatures from our side and submit the forms.

Hi Hari,

Hope all is well. Could you provide me a statement of support for the proposed changes? I am attaching the copy of the proposal with the COEd chairs' approvals. I need the statement for the proposal to be accepted at the college level curriculum committee. Thanks!

Subject: Statement of Support: Program Change to Bachelor of Science in AI + Ed

Hi Hari,

Please find attached the curriculum proposal for program changes to the Bachelor of Science in AI + Ed degree. A description of the changes is below. The paperwork is attached. Could you provide me with a statement of support/approval for the changes?

Description of Changes:

The Dept. of Curriculum and Instruction in the College of Education and the Dept. of Electrical Engineering and Computer Science in the College of Engineering and Computer Science are requesting that changes be made to the Bachelor of Science in Artificial Intelligence with Education degree, to revise some of the Education Core Courses and Education Electives. These changes ensure students take key courses in both ESOL strategies and classroom management, remove core courses no longer offered (EDF 2854), and provide more elective course options for students to choose from in order to best fit their curricular interests.

1) Course Requirement Changes: (a) Remove ESE 3940 Secondary School Effective Instruction as a required course. (b) Add notation of 15 hour field component requirement to EDF 2005. (c) Remove the notation "or" between TSL 4324 and EDG 4419. Proposed requirement: ESE 3940 will now be listed as an elective. Both TSL 4324 and EDG 4419 are required courses.

2) Elective Changes: (a) Add "OR" for SCE 4350 Principles & Methods K-9 Sci. / SCE 4360 Science: Middle & Sec. School; students may take either SCE 4350 OR SCE 4360 as an elective. (b) The dept would like to remove EDF 2854 and add the following courses and comment to the elective list: EDG 4343 - Instructional Strategies and Assessment Practices; RED 4335 - Reading in the Content Area; EEX 4763 - Special Education Technology; EDG 4916 - Directed Independent Research; ESE 3940 - Secondary School Effective Instruction (90 hours field experience). Addition of the following phrase at the end of the list of electives: "Additional electives can be added based on advisor input."

Thanks very much!
