

Hi Doug...

I was able to speed things up. All three areas within SCMS, Film/Media, JOU, and COM, approve of the course.

Best,

SCE

Thanks, Shane. It turns out this request is time sensitive ... if you can get me an answer by tomorrow that would be ideal.

Dear Shane,

History is in the process of proposing a new course, HIS 3164: The Digital Past. I attach the syllabus and new course form for your review. Can you let me know if SCMS has any objections to this course being added to the curriculum?

Thank you,

Doug
