Dear UUPC,

I am pleased to inform you of the results of the Core Curriculum Committee (CCC) vote held on October 2, 2026, regarding the Course Change Proposal to approve LIT 2310 "Science Fiction and Fantasy" for the Humanities area of the General Education program.

The CCC unanimously approved the request with the following recommendations: 1) Indicate "Humanities" on the Course Change Proposal Form, 2) Consider adding "Includes content related to the Western Canon" in the course description to be consistent with the other LIT course descriptions in the Humanities category.

This communication serves as the official confirmation of the actions taken by the committee. If you have any questions or require further information, please do not hesitate to reach out to me. Please acknowledge receipt of this notification.

Best regards,

T.
