Hi Robin,

Thank you for reaching out. I have no reservations about this course.

Best,

Nich

Subject: Public Admin - New course proposal support

Good day!

We proposed a new elective course for our Bachelor of Public Safety Administration program, and the CUPC members requested a letter of support from the Department of Philosophy.

Could you please review the attached proposal and provide your support (or concerns that you may have)?

The CUPC has asked for a quick turn-around by this Thursday, so we understand if that is too challenging.

We are also happy to chat with you about the course as well.

Thanks!
Robin
