**Subject:** New Course Proposal

Dear Colleagues,

Please find enclosed a proposal for a new undergraduate course SDS 3483 University Student Mentoring and Peer Coaching, that has been developed by our department (specifically, our School Counseling Faculty), in consultation with the Office of University Advising and the Provost's Office in order to provide upper division undergraduate students with an opportunity to learn and then act as peer coaches to lower division students. This is part of the focus on Undergraduate Student Success, and comes in response to a request from the President during our departmental visit last Fall.

Please look this over and let me know if you foresee any conflicts. If there are none, please send a quick reply. If you should have any concerns, either Liz Villares or I would be happy to discuss them with you. If I do not hear from you within a week, I will assume that there is no conflict.

Thank you for your attention to this matter,

-Paul
