

Deadline for Declaring a Major

Students entering FAU with a clear choice of major should declare a major or pre-major early and devise a plan of study to ensure a timely graduation. Declaring a major early provides students with a sense of direction, strengthens their motivation and helps to inform their course choices. Students entering without a clear choice of major should begin exploring major choices (and career options associated with the majors) very early in their first year.

New freshmen and transfer students without an A.A. degree who have not declared a major or pre-major prior to admission by the end of their first semester at FAU (excluding summer terms) will be required to enroll in SLS 1301, Career and Life Planning, in their second first Fall or first Spring semester, as determined by their academic advisor.

New transfer students with an A.A. degree must declare a major or pre-major at the time of admission to FAU.

Students with a pre-major must declare a major by the semester in which they reach 60 credits.

Forms to declare a major (Undergraduate Major/Minor Change form) are available on the [Registrar's Office website](#). Once approved by the college in which the chosen major is housed, the form is submitted to the Registrar's Office for final action. Students seeking to change their major should consult the Change of Major information below.
